2013 has been a year that brought new activities and new connections from across Guyana, the Diaspora and the Caribbean.

◀ Pam and Harry Harakh of Caribbean North Charitable Foundation, in Toronto, partnered with TIF to hold a fund-raising lunch in Toronto. The lunch featured performances by Diana Burrowes and Chad Arthur on behalf of TIF. Part of the proceeds was sent for us to build toilet facilities for the students at our Lovely Lass, WC Berbice location and to buy music instruments.

Mr. Vito Spatafora, Deputy Mayor of Richmond Hill, Toronto, joined the Harakhs in their visit to Guyana earlier in the year, when they met our students at Lovely Lass. Mr. Spatafora followed up by sending five barrels of football gear for them, the children of the Bless the Children and St. John Bosco Orphanages and for several other football groups.

We wish that he could have seen the joy on the children's faces when they received their football "uniforms". ▶

The entire football team all decked out in their new uniforms.
